

Presidents Meeting  
June 10, 2010  
Utah Good Sams State Samboree  
Nephi, Utah

Everyone was welcomed by our State Director, Glenn Carroll. Roll call was taken; there were 100% of the presidents attending the meeting. A motion was made to approve the April Meeting minutes then was voted on and passed unanimously.

Presidents were encouraged to go back to their chapters and ask if there is anything they would like to add or change for the Samboree. The Samboree is each chapter's Samboree and the State Staff would like to help in any way possible to make it what the members would like. If there are any games, suggestions for seminars etc each chapter is encouraged to talk to their presidents and then presidents need to pass this information on to our State Director, Glenn Carroll. State Director, Glenn Carroll expressed how important it was that the Presidents were to take things back to their chapters and keep them informed.

It is getting harder to get donations for the Charity Raffle and the door prizes. The biggest problem for seminars is that we do not have enough places to hold them. When the head of Consumer Affairs for Fraud Seminar was held we only had 10 people attend. It makes it hard to ask people to take time out of their busy schedules to present to the Good Sams and then have such a small attendance.

Nominations for the State Director have been turned into Lynn Koyle, State Treasurer. The nominations have been accepted and they were told who they are running against. Each chapter now has a vote to elect the new director. A profile will be put in the Salty Sams News Letter on each of the candidates running for State Director. Lynn Koyle, State Treasurer, will send each chapter a ballot which will be turned back into him by the Fall Tag. The nominee will then be sent to International for 1<sup>st</sup> right of refusal. Until the executive director of Good Sams sends the New Directors name to our State Director, Glenn Carroll, nothing will be final.

Power at the fall tag in Delta for those needing it will cost more this year. Registration forms will be sent through the mail.

Assignments for next year's Samboree were chosen:
