Harold informed everyone about a scam that occurred in the last week. Someone sent out emails in his name asking them to buy some gift cards for charity. A couple members participated, but most did not. Harold received many calls to verify and he sent out an email to State Staff and Presidents alerting them of the scam. Be advised, Harold nor any member of Good Sam's will NOT send out emails asking for any kind of assistance, if assistance is needed it would come as a personal call. Everyone, please be aware of scams like this.

A discussion was held about deleting personal contact information from the website. We do need some way to make that information available to staff members and chapter presidents. Bob will look into ways of making this happen

Rat Trap Derby - John had the kits to hand out to each chapter president. There will be three judges. Prizes will be given for the "Safest" (slowest), "Best Looking" and the "Fastest". Everyone is given the same kit, must use every piece in some way. Each entry must be presented at 9:30 for inspection and judging. Races will begin at 10:00.

Garbage - We must contract ourselves at the cost of \$160 for County and \$80 for the dump.

Door Prizes - Will be drawn, Thurs., Fri. evening, and Sat after the lunch. General RV has donated \$1500 in prizes.

A suggestion was made that maybe some of the smaller chapters might want to combine together for activities. Let others know what your plans are and invite them to participate.

Harold thanked those chapters that suggested names for people to serve on the State Staff.
